

Safety Statement

Baltinglass Golf Club

Issue date:	January 2023	Review date:	January 2025
Responsibility for Implementation:	The Management Committee		
Legislation	<p>Section 20, of the Safety, Health and Welfare at Work Act, 2005 requires all workplaces to prepare a written Site Specific Safety Statement describing the arrangements in place for safeguarding and maintaining a safe and healthy environment for employees, visitors and all others who may be affected by its activities.</p> <p>The Safety Statement is based on the identification of hazards and assessment of the risks in the workplace (Section 19, of the Safety, Health and Welfare at Work Act, 2005).</p>		
Review	<p>This document will be reviewed every 2 years. To ensure that continuous improvement takes place, risks identified will be continuously monitored and reviewed at least annually or earlier if there are changes in legislation, changes in work practices/procedures or upon the introduction of new technology.</p>		
Document Owner			
Distribution & Access	<p>A hard copy of this Safety Statement will be kept in the Club Secretary's Office. It is available to all staff, occasional staff and contractors.</p> <p>An electronic copy will also be kept by the Club Secretary & Office Administrator. It is available to all staff, occasional staff and contractors on request.</p> <p>To ensure that agency staff and contractors have access to relevant sections of the Safety Statement, it is necessary that they report to the office on arrival (as per the terms of their visits/contracts).</p>		
Reference No	Safety Statement 2023		
Version	2 (Review 2025)		

REFERENCE DOCUMENTS:

The health, safety and welfare of employees in Ireland is governed by national legislation, much of which is derived from European Directives. The primary piece of legislation governing the duties of employers to keep their workforce safe and healthy is the Safety, Health and Welfare at Work Act, 2005.
